Invitation

Active researchers, academics and industrialists are welcome to participate in the International Conference on Biopartitioning and Purification BPP2011 which will be held from 18 to 22 September 2011, in Puerto Vallarta, México.

The conference is intended to highlight the scientific advances in the postgenomic era. In particular, recent advances in scalable operations and methodologies to capture, isolate, concentrate and purify biologicals will be focused upon.

Venue

Puerto Vallarta, located on the Mexican Pacific Ocean coast within the Banderas Bay, is one of the most touristic destinations in Mexico.

The venue will be the CasaMagna Marriot Puerto Vallarta Resort & SPA, in Puerto Vallarta, Jalisco, México. This 4 Diamond Puerto Vallarta Resort has four world class restaurants, exquisite banquet facilities and business meeting rooms. The hotel has the most spacious and luxurious full service resort spa in Puerto Vallarta.

Scientific Topics

Molecular Aspects of Protein-Media Interactions
Thermodynamics of Phase Formation, Biomolecule Partitioning
Multi-mode Chromatographic Processes
High Titre Processes
Affinity-Enhanced Biomolecule Purification
Purification Unit Operation Modeling and Optimization
Rational/high-throughput Process Design
Integration of Purification Unit Operations
Chromatographic versus non-Chromatographic Processes
High Resolution Protein Purification: Removal of Aggregate, Misfolded and Clipped Forms
Particle/virus-like Particle Purification
DNA/RNA/PNA Purification
Structure-processing Relationships for Biomolecules
Bioindustrial, Medical and Analytical Applications
Emerging Technologies

Special Issue of Journal of Chromatography A

Papers presented will be considered for a special issue in Journal of Chromatography A.

Social Program

An informal get-together welcome reception will be held at CasaMagna Marriot Puerto Vallarta Resort & SPA on the evening of the conference opening.

The conference dinner will be held on 21 September 2011 in CasaMagna Marriot Puerto Vallarta Resort & SPA.

Call for papers

Scientists from academia and industry are invited to submit abstracts for oral and poster presentations describing original research in any of the above areas. The scientific committee will select the type of contributions (oral and posters) based on the abstract reviews.

The submission of abstracts is by email to: bpp2011.mty@servicios.itesm.mx

Conference website: www.bpp2011.org
